

Chief Mechanical Harvester Operator \$20.00/hr– Water Operation
Chief Mechanical Trainee \$18.00/hr – Water Operation
Lake Hadlock, Fort Ann, Washington County, New York

The Town of Fort Ann is currently seeking applicants for mechanical harvesting of predominantly Eurasian milfoil. This is an hourly position from June through September.

- Must be capable of proficiently operating GPS, assess density of milfoil and determine appropriate harvesting priorities, drive heavy equipment efficiently enough to ensure productive operation, coordinate harvesting activities with surface collection crew.
- Some experience operating heavy equipment and minimal knowledge and ability with identifying reason for equipment failure.
- Knowledge of boating safety rules, NYS laws governing navigation, and some experience with operating vessels.
- Must have valid NYS Drivers license; required to pass drug screening test and background check.

Send resumes to Town of Fort Ann Supervisor, PO Box 314, Fort Ann, NY 12827 immediately.

Town of Fort Ann is an Equal Opportunity Employer.
